Sprint 1

Date: 10/25/2023
Time: 8:00pm
Location: Online
Who Attended: Everyone
List of Topics:
- Document planning
- Document roles
- Interface design
- Sprint 1 roles

Minutes:
- Work on the design portions (Interface and System diagrams) as a team
- Make sure to clear up some questions we have about the doc
- Kawan does the Navigation and Customer Page, Josh does the Cashier page, Nicholas and Yusa finish the backend connection and help with the rest

Date: 11/03/2023
Time: 10:04am
Location: Online
Who Attended: Everyone
List of Topics:
- Current progress check
- Presentation planning

Minutes:
- Need to do extra work over the weekend to catch up
- Nick talks about scheduling things for the presentation, Kawan talks about the overall picture, and Yusa and Josh take turns in development methodologies

Date: 11/06/2023
Time: 7:50pm
Location: Zach
Who Attended: Everyone
List of Topics:
- Current progress check
- Branch checking

Minutes:
- Also planned for the upcoming sprint 2
- Kawan and maybe Nick will handle the merging of all branches
- Figured out what remaining tasks we need and how we should handle them

Sprint 2

Date: 11/13/2023
Who Attended: Everyone
List of Topics:
- What needs to be accomplished for next MVP
- Tasks delegation
- What to do about User Studies Report

Minutes:
- Nick needs to fix the backlog and combine some of the tasks together to remove clutter
- Nick needs to adjust/clean the database for the sprint (includes employees and menu)
- Nick will fix tasks and the assignees but work with what we talked about

Date: 11/16/2023
Who Attended: Everyone
List of Topics:
- Current progress check
- What to expect

Minutes:
- Overall there is much to catch up on
- From the current pace looks like we'll be behind on the sprint backlog

Date: 11/20/2023
Who Attended: Everyone
List of Topics:
- Current progress check
- Discuss anything that needs reviewing
- How to handle the deliverables

Minutes:
- We should make sure our stuff is finished an hour to thirty minutes before to make sure we have time for merging to main and the release
- Will probably have the same plan and assignees when doing the deliverables

Sprint 3

Date: 11/27/2023
Who Attended: Everyone
List of Topics:
- What we have left
- Who should take what

Minutes:
- Nick needs to go through and finish assigning people to tasks

Date: 11/29/2023
Who Attended: Everyone
List of Topics:
- Talk about sprint backlog
- When should we finish our work and how much of it
- Any design changes

Minutes:
- Instead of a weather popup, we're now gonna have it displayed at the top of the menu board
- Finish assigned tasks by/around Saturday (or next meeting)
  - Josh - Finish customer popout and OAuth
  - Yusa - Finish all accessibility features and a majority of weather API
  - Kawan - Finish all assigned sprint backlog tasks
  - Nicholas - Finish all assigned sprint backlog tasks

Date: 12/3/2023
Who Attended: Everyone
List of Topics:
- How much progress was everyone able to make
- What more do we need

Minutes:
- Nick was able to finish everything he needed to
- Yusa just needs to finish connecting Google Translate
- Kawan still needs to finish everything
- Josh still needs to finish OAuth and send orders to the database
